WE TAKE RESPONSIBILITY

We at Magasin have a vision to not only deliver a quality product in beautiful packaging. It is also important to us that our products are made under humane, legal and fair conditions, in an energy efficient and environmentally friendly manner. We work together with the following organisations (see bottom of this page) to ensure that our wishes are adhered to. We take full responsibility in order that you know that you have bought a product with all of our requirements.

Johan Jüngling
Sales Manager
Magasin friend of brands AB

FRIEND OF BRANDS

Magasin friend of brands is today a leading wholesaler of designed products. Our brands are sold by carefully selected reseller only.

Brands not for sale in Finland: Bialetti, Cole & Mason, Dualit, Jamie Oliver, Joseph Joseph, Swiss Diamond and Vacuvin. Reservations for print errors and price changes.

NATURLIGT

At present our most important work is to protect our natural, resources and environment. To demonstrate our commitment to this mission we have with great care handpicked a variety of products which we believe will ensure a sustainable future.

rivsalt™

RIVSALT™ SALT & PEPPER

Salt and pepper are probably the most common spices around the world. Used a lot, they tend to end up in small containers placed at the end of the dining table next to the napkin holder. They are taken for granted, sometimes asked for and seldom noticed. Let's change that. The RIVSALT approach to these versatile spices involves several well-crafted elements delivered in a clean white cardboard gift pack: Himalayan salt rocks and Java long peppers. Carefully carved oak wood holder. Perfectly shaped Japanese-style stainless steel grater.

141416, €25,00

KITCHEN

In order to be a master chef and produce a top notch dish, it is important to have the correct equipment/tools. The kitchen in the centre of the house and we have thoughtfully chosen beautiful products which we know will be appreciated by anyone receiving these gifts.

Cotton organic. 145712, € 5,30

FRUIT COTTON MESH BAG HOME

These cotton muslin produce bags are certified organic by the Global Organic Textile Standard international working group. They are an eco-friendly produce bag alternative to the plastic bags that you may currently be using. You can choose the size of organic produce bag that you need, to store your produce in a green and healthy way. Machine wash in cold water / hang dry. Some shrinkage may occur. H:33cm, W: 30cm, Cotton/metal. 145713, € 5,50

With over 110 years of heritage, Viners has designed a new and innovative knife blade which places safety and functionality at the forefront. The squared tip has been designed to maximise safe use in and around the home, ensuring that performance will not be compromised.

As well as being stylish, the knives deliver the same functionality as a standard kitchen knife to tackle all cooking tasks including chopping, carving and dicing. The knives feature curved ergonomic soft touch handles for optimum comfort, and the blades are finished with a black non-stick coating which helps reduce cutting.

DAY HOME

DAY HOME was founded in 2005 by Marianne Brandi who is the creator of the collections, and her husband Keld Mikkelsen who founded DAY Birger et Mikkelsen in 1997. They had an urge to offer a style reflecting the brands universe and their personal attitude to interior. The brands recognisable eclectic signature, where textiles is a strong mediator, between the more elegant approach of the furniture's, lamps, and ethnicity of the decor, has been a recognisable part of the Scandinavian interior market, for almost 20 years. DAY HOME is offering a personal take on products based on eclectic and authentic ideas, crafted by hand in clean sustainable materials.

SPATULA

Made of Acacia wood.
233100, € 10,50

Tina

In my kitchen it's noisy, high ceilings and far from perfect. Just as it should be when cooking. With my food I want to give you greater confidence in the kitchen. I simply want to help you challenge conventions, and to ignore everything that is considered right or wrong. In my kitchen it's anything but lavish or perfect. There is no induction hob, large stainless steel kitchen appliances or even dishwasher. Here is an old electric stove and a tired dough mixer. It's a very ordinary kitchen, just like the vast majority of ordinary, cramped and sometimes scrumptious kitchens in this country. And that is after all the whole point!

TRAY DROP

Round tray Ø 38 cm, with black and white pattern. Made from Melamin with birch veneer. 237100, € 38,00

Hiball glas, 36cl. 2-pack. KR41406, € 12,00

Those who have style can also say no out of a desire to defend genuine pleasure against a deluge of goods. The reduction to a few, essential forms and materials presupposes a very high standard of quality – yet the design of each individual article appears natural and logical.

It is precisely this stylish exclusivity that the ZACK design label has embodied in perfection for over three decades. The brand's loyalty to these very core values makes it one of the most successful in the field of stainless steel home accessories. The elegant geometric bodies are timelessly beautiful and have their own special features in material, function and quality. In addition, all ZACK products have that certain something – the special trick in design. ZACK has now become synonymous with stylish stainless steel home accessories, designed for style-conscious people who value purist design, high-quality materials and outstanding workmanship.

SANS AIRE

SOUS VIDE SANS AIRE

Sous vide is a cooking method that uses precise temperature control to achieve perfect results, every time. Place your food in a sealed plastic bag, set the temperature on your sous vide and place both in a saucepan with water. Sous vide will now ensure that the inner temperature does not exceed that which you have selected. For more flavor and texture quick fry your optimally warmed food.

1100W, 10 x 10 x 38 cm. 510000, € 187,00

The original istor SWISS SHARPENER® brand has stood for Swiss quality for now 25 years. Today, the ISTAR AG company has representatives for its products in many countries worldwide. The istor SWISS SHARPENER is easy and quick to use and sharpens any steel blades such as scissors, knives (also toothed ones), pruning shears, scythes and others. They are suitable for both right- and left-handers. The "secret" lays in the composition and shape of the sharpening component. It is very hard and extremely wear-resistant. The aluminium handle is light and the surface allows printing with company logos.

ISTOR® STANDARD SWISS SHARPENER

Hinoki is the most elegant sort of wood in Japan. This tree is a type of cypress that is considered sacred and grows only in this part of the world. Hinoki has been used since ancient times in Japan as a building material for building temples and shrines. Hinoki's durability continues to increase for about 200 years, even after it has been cut. After 200 years, Hinoki gradually returns to its original durability, which takes about 1000 years. Incredibly, it is said that you can smell it and even reuse the 1300 year old hinoki when you plan.

HINOKI SOAP PUMP

APRON LEATHER

Exclusive apron made from the finest waxed buffalo leather. Two front pockets with rivets for extra strength and hanger for kitchen towel. 76x64 cm. From Scandinavian Home. 613133 brown, € 144,00

APRON VINTAGE LEATHER

Exclusive apron in vintage buffalo leather. Adjustable neck strap. Packed in box. Made of SMETA certified leather that complies with EU "REACH" standards. This leather is made from buffalo hides. The base of the leather is first dyed to the color required and then top finishing is done. To give it the vintage effect the hide is then pressed in a heat roller to make smooth, and then it is snuffed to give the vintage effect. It is due to this process that the various shades and textures come up, which only highlight and enhance its look. It is totally azo free and chrome VI compliant. 76x64 cm, Buffalo Vintage Leather. 613139, € 97,00

KNIFE CASE HOME

Exclusive knife case in buffalo leather with Velcro fastening. Lining in coated polyester which makes it durable and water resistant. Place for 4 knives. L: 42,5cm, B: 30 cm, leather strap, 73 cm (36,5cm) BSCI approved leather. 142896, € 135,00

Bag waxed Canvas with leather details and handles in buffalo leather. YKK metal zippers and several compartments on the inside. Detachable shoulder strap. Packed in a plastic bag. 613156, €102,00

For us at B Away, our collection is about fashion, quality and function. We see our products as something out of the ordinary and that have the "little extra" in the form of feeling and durability - products we like to use ourselves. Our entire collection is handmade and made of strong buffalo leather, has practical pockets, lining in cotton and with YKK zippers in metal. To make the skin durable, it is oiled with environmentally friendly vegetable oils. Then you wax the surface, which gives the skin a wonderful luster. The skin is supposed to change color, due to the fact that it absorbs the oil differently. This gives the product a natural look and is a sign of authenticity. Our supplier consists of a tannery and a factory that work very closely together, which makes it easy to have control over the entire production. The factory is BSCI-certified and takes full responsibility and meets all the requirements this entails. The tannery only uses EU-made chemical products for tanning and no chromium is banned today - all to create security, justice and a better environment.

FROM CONCEPT TO REALITY

– a concept that enhances your brand

Our business concept is to work for and with our customers and to enhance your brand together. We're presenting a concept here that has been carefully developed by us in order to suit you in particular and to help you to become more visible.

This is how it works

1. Having agreed with the customer about what you want to achieve with your brand, we contact our design agency...
2. we ask them to draw up design proposals for your towel...
3. ...we then send the sketches out to you for any comments – and we make the necessary adjustments according to your preferences...
4. ...we then send the sketches to the factory, where your towel is produced.

TOWEL WITH WOVEN BORDER

This technique means that we weave the logo or the pattern you like in the border. You can choose up to 4 colors including the color of the towel.

Quantity

Minimum quantity is 200 pcs. The design confirms from the sketch/picture.

TOWEL WITH PRINT

Do you want to create a totally unique towel with many colors, perhaps this method is the best option when even printing of photographs is possible. We can print all over the towel's surface.

Quantity

Minimum quantity is 200 pcs. The design confirms from the sketch/picture.

TOWEL WITH EMBROIDERY

With this method, you can embroider any logo or pattern you wish. Placement of the embroidery is optional. Of course, you get to choose your own PMS color logo or pattern. The price is based on 5000stiches but you can make larger or smaller embroidery if you like.

Quantity

Minimum quantity is 200 pcs.The design confirms from the sketch/picture.

RELIEF WOVEN TOWEL

Relief technique means “cutting out” the print in the towel. The print goes tone in tone as the color of the towel witch gives a soft but prominent pattern and a discreet and stylish labeling.

Quantity

Minimum quantity is 200 pcs.The design confirms from the sketch/picture.

JACQUARD WOVEN TOWEL

This technique means weaving a pattern / colors in the towel. Usually or technically, it is easiest to use two colors; one bottom color and one color of the logo. If you want to mix a light and a dark color we recommend to use higher gram weight to avoid colors see through. It is good to know is that the towel has a positive and a negative side. This is an appreciated and luxurious quality.

Quantity

Minimum quantity is 500 pcs.The design confirms from the sketch/picture.
